The One Hundredth Volume

1836 - 1938

Newark City Directory

It is with distinctive pride that we present this, the one hundredth volume of the Newark City Directory, containing 274,760 names out of a population of nearly one half a million.

The first Newark directory published in 1836 contained 3,208 names out of a population of 18,201. Since that humble beginning there has been approximately 13,750,000 names canvassed and recorded. Generations of our citizens have come and gone and these directories are the only history of their activities. We find names that were part of the first directory still carrying on with distinction to-day.

Marching hand in hand with progress these directories have improved with time until to-day you have only to turn the pages of this book and gather the density of information efficiently arranged by departments with each line of type beckoning to give you information that is of value to the needs of to-day.

Public Library

There are 549,411 volumes in the Public Library. Circulation is 2,541,199

City Statistics

Street mileage 370 with 350 miles paved. Electric street railways: city 14 92 miles; suburban, 91.21 miles Also 54 city and suburban motor bus lines. Daily capacity of municipal water works 97 million gallons, with 565 miles of mains. Fire department employs 704 men with 29 engine companies, 12 hook and ladder companies, one water tower, one chemical, one fireboat and one search light company, one training school. Value of fire department property is $2,263,131. Police department consists of headquarters, four stations, radio station and patrol, and 1,27[illegible] men. Value of police department property is $1,143,521.

History

NEWARK was founded in 1666. It is located on the Passaic River and Newark Bay It is about 8 miles from New York City, and the metropolis of New Jersey It is an important manufacturing and distributing center with a great diversity of manufactures Thirteen miles of waterfront. City developed, PORT OF NEWARK provides deep water shipping to all parts of the world; also, ship-to-car and car-to-ship handling of merchandise, doing away with the necessity for lighterage United States Trunk Highways adjoining Port, greatly facilitate motor truck shipments of goods Unexcelled labor market. Lumber and building material center.

Newark ranks eighteenth in population It has unsurpassed educational facilities, schools, academies and colleges, and is the shopping center for northern New Jersey. The Newark Chamber of Commerce is one of the best equipped service institutions in the United States, and with its varied divisions stands ready to furnish descriptive data and facts to those interested in the tremendous business possibilities of the community.

Financial and insurance center Home offices of eleven large Life, Fire and Casualty Companies with aggregate assets of over four billion dollars; and over thirteen thousand home office employees Banking resources of $487,072,000. There are 458 Building and Loan Associations with total assets of $338,877,555. Newark has one of the world's principal air ports with direct highway connections via the Holland Tunnel to New York City

Large metropolitan department and other specialty stores serve the general high grade retail demands Daily and Sunday newspapers consisting of the "Newark Evening News," "The Newark Sunday Call," "The Newark Star-Eagle" and "Newark Ledger" according to circulation statements, have a total circulation of over 360 000

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one s town, of her growth, her people, property, her government, and her needs This knowledge develops, first, an intelligent interest, then, a sympathy, then reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful, and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women" - John Cotton Dana

A Summary

Suggested and Planned by American Community Advertising Association

Adopted as a regular feature in all directories published by the Association of North American Directory Publishers

Completed and Corrected Annually Through the Courtesy of The Chamber of Commerce of the City of Newark, New Jersey

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

1000 x 3½ x 305 =

1,067,500

Consultations or

Circulation Consulted

DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE MEDIA DEPARTMENTAL OF THE ADVERTISING FEDERATION OF AMERICA

The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all Departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publication.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*
